

WHY CHOOSE US

Over the past 28 years, Simpson Unlimited developed a substantial amount of returning and long-term clients thanks to our hard work. We knew from the beginning that we needed to invest in high-quality workmanship, an impeccable safety record, professional management, and delivering on customer commitments.

All of these elements came together to create the level of service our clients expect from us today. We have the capabilities to address all matters of your building envelope, from brick/masonry to walls/windows and your roof. We also employ a third party to audit our safety with unannounced site visits. This ensures we're always following OSHA and other safety requirements.

COMMERCIAL SERVICES

Emergency Leak Service

Our emergency services are available to answer your calls and respond 24/7/365.

Roof Repairs

Repairs are a vital part of the lifecycle of your roof. Trust the experts to manage your repairs.

Roof Replacements

We've replaced every kind of roof, from data centers and high-rise offices to schools.

Roof Inspections

Our inspections identify and address problems before they become full-blown issues.

Preventative Maintenance

Ongoing maintenance prevents costly repairs and prolongs the life of your roof.

Commercial Restoration Services

We offer a broad range of restoration services to address the entire envelope of your building.

We have installed over **15 million square feet** of commercial roofing.

More than **2,000** customers served.
