The Peach State Difference

Peach State Roofing is widely recognized as one of the largest applicators of Single Ply Membrane and is among the top 5 largest installers for both Carlisle and Johns Manville in the US. All of our personnel are trained and certified by the manufacturers of the roofing systems we install. This encompasses our philosophy of exceeding the industry standards and creating the highest level of service for our customers.

Clients Who We Work With:

About us:

Founded on exceptional customer service, experience, hard work, and the determination to surpass our customer's and competitors' expectations, Peach State Roofing, Inc. is committed to all of your commercial and industrial roofing needs. From re-roofing projects and preventative maintenance to new construction, we excel in providing our customers with complete satisfaction. We utilize quality products and take pride in having manufacturer preferred installations.

Peach State Roofing provides roofing solutions to schools, universities, hospitals, government facilities, shopping centers, and many fortune 500 companies nationwide. In today's commercial setting, the assurance of a project's completion in a timely manner, without cutting corners, and done right the first time can be few and far between. We believe our foundation has been built by our dedication and pledge to our customers to always get the job done right, without delay, safely, and as specified. This standard practice leaves no room for customer dissatisfaction because we know that your time and money are paramount.

It is incumbent on all of us to ensure proper safety training and job performance. Peach State Roofing consistently attends OSHA training programs designed to teach safety through a partnership focused on teamwork and accountability. We are committed to training and leadership because we believe they facilitate an incomparable service to our customers.

Peach State Roofing is licensed throughout most of the United States. Headquartered in Atlanta, Georgia, we currently have 21 fully staffed offices supporting all of our customers' commercial roofing needs nationwide.
