Serving the Industrial Roofing Needs

A properly applied roofing system is the result of years of experience in application techniques and a working knowledge of roofing materials. At Patriot Roofing, Inc., we recognize the best roofing system approach to each roofing assignment is essential for success. To this end, we have established a reputation of working in harmony with builders, architects and our customers. We know from experience that each roofing assignment is unique and our track record of timely completion, in compliance with all specifications, is impeccable.

Patriot Roofing offers consultation services, roof repairs, preventive maintenance programs as well as installations of the following roof systems: Single Ply EPDM, Built-Up-Roofing, Architectural Metal Roofing, Structural Metal Roofing, Retro Roof Framing System, Modified Bitumen, Waterproofing, TPO, CSPE, Asphalt Shingles and Architectural Tiles. We offer our commercial services to the entire Tri-State area. We provide free estimates on any size job, and pride ourselves in responding quickly to the needs of customers enabling us to get our jobs completed in a thoroughly professional manner.

Self-Sufficient

Patriot Roofing, Inc is able to complete all of our projects in a timely manner with the help of our affiliate, Mid-County Hauling who rapidly assists in the disposal of our debris. Patriot Roofing, Inc. also owns our own Roof-Vac machine so we can get the roofs prepped and the project started at our quick pace rather than having to wait on other companies to complete this portion.

Customer Commitment

1. Patriot Roofing, Inc employs trained Journeymen who provide the highest quality workmanship on all projects.
2. Materials and workmanship are guaranteed within manufacturer and specification standards.
3. Patriot Roofing is fully bonded and insured.
4. All maintenance and repairs can be completed on a time and material basis or a quoted price.
5. In our company we stress that “Safety” comes first.
6. Our objective is to totally serve each client’s roofing needs.

**“Customer Satisfaction
guaranteed.”**

“Retro Roof Framing System”

A thoroughly experienced group of roofers, modern equipment and techniques allows Patriot Roofing to respond with speed and efficiency regardless of the roof area. We have the capability to adapt to changing requirements as the design and construction details evolve.

Phase One

Phase Two

Phase Three

“We know from experience that each roofing application is unique ...”

“Retro Roof Framing System”

Not all roofs are created equal. Roofs vary in design and material requirements. We provide the best cost effective roofing system with energy savings for your building.

“Standing Seam Metal Roofing”

*“Professional application is
Patriot Roofing’s way of
doing business.”*

“Standing Seam Roofing System”

“Water-Proofing”

Patriot Roofing, Inc., has the background and skill necessary to handle a variety of roofing systems. We have the ability to concentrate the man power and materials necessary to get the job done. Patriot Roofing Inc., has the expertise to become involved in the development process to assist developers in selecting the proper roofing/waterproofing system that best suits each particular project

Phase Two

Phase Three

“EPDM Roofing System”

In the following illustrations you will see our Journeymen removing and installing a new EPDM Roofing system.

“We build roofs the old fashion way...right the first time.”

“Modified Bitumen Roofing System”

From start to finish our qualified Professionals work together in completing your job neatly and efficiently.

“Terra Cotta Roofing System”

Clay roof tiles are offered in many shapes, fittings, sizes, and colors. Terra Cotta tiles can enhance your institutional or commercial masterpiece.

“At Patriot Roofing we have yet to meet a roofing challenge we haven’t been able to master.”

“Built-Up Roofing System”

“The evolution of a perfectly applied roofing system.”

“Service and Preventative Maintenance”

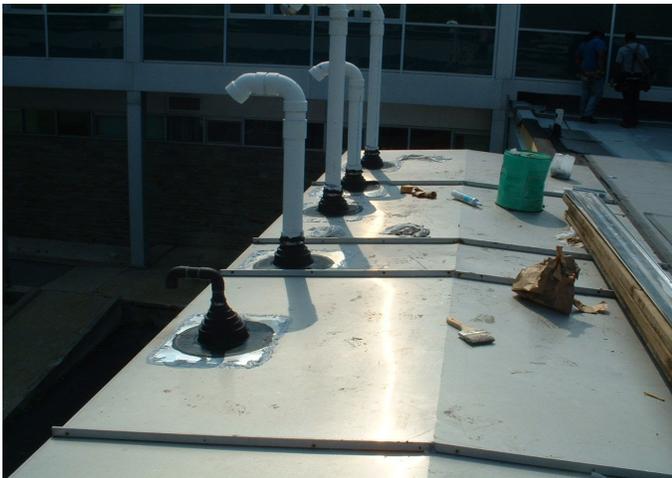

“Abuse and neglect are two leading causes of premature roof failures.”

Patriot Roofing has over 38 years experience in building, maintaining and repairing roofs in the Tri-State area. Our technical know how, modern equipment and large group of experienced Journeymen with usage of quality products, allow us the flexibility of meeting virtually any roofing need. Your logical choice is the Patriot Roofing Pro’s.

Below you will see an example of one of our many inspections and Illustration of our findings.

Roofs are expensive and sensitive company assets that require maintenance and protection just like any other asset. Patriot Roofing can help protect your investment and reduce roofing costs with a Preventative Maintenance necessary to prolong the life of your roof. We will provide a comprehensive report with our findings with digital pictures and a quoted price for repairs. Emergency repairs can also be made on a time and material basis.
